**Online Event**

## Online Speech

A screenshot of a video conference. On the left, two participants are visible in a small window. On the right, a slide titled "Why STEAM?" is displayed. The slide contains a bulleted list and a graphic with icons for science, technology, engineering, art, and math.

- Dewey's (1934) focus on aesthetics and the arts
- Recent emphasis on STEM education
- Arts + STEM led to STEAM

The graphic shows the word "STEAM" in large letters, with icons: a red atom for 'S', a globe for 'T', a green gear for 'E', a blue 'X' for 'A', and a blue equals sign for 'M'. Below the graphic is the text "SCIENCE • TECHNOLOGY • ENGINEERING • ART • MATH".

## Online Discussion
