

PREFACE

1ST INTERNATIONAL CONFERENCE ON DIGITAL TECHNOLOGIES AND SUSTAINABILITY ACCOUNTING (ICDSA) 2024

The International Conference on Digital Technologies and Sustainability Accounting is an esteemed global event organized by the Department of Accounting, Faculty of Economics and Business, Universitas Muhammadiyah Yogyakarta (UMY), Indonesia. This conference aims to bring together academicians, scholars, researchers, and professionals from around the world to share their ideas, insights, and research findings in their respective fields. The conference is structured into two main activities: the plenary talk and the parallel discussion sessions.

The plenary talk serves as a significant scientific forum, fostering the exchange of information and discussion among participants from diverse backgrounds and expertise. This platform allows attendees to delve into the latest issues affecting the accounting sector on a global scale, encouraging a rich dialogue that spans various perspectives and disciplines. In addition to the plenary talk, the conference features parallel discussion sessions. These sessions are designed to facilitate the dissemination of valuable research progress related to specific areas of study within the conference's scope. Researchers present their work, engage in discussions, and receive feedback from their peers, creating a dynamic environment for academic growth and collaboration. One of the key highlights of the conference is its rigorous review process.

All submitted papers undergo careful scrutiny by a highly selected scientific committee. This ensures that only high-quality research is recommended for publication. The International Conference on Digital Technologies and Sustainability Accounting is recognized as a premier event in the field. It not only provides a platform for sharing cutting-edge research but also offers promising opportunities for publication, making it a valuable venue for academics and professionals alike to advance their work and contribute to the global discourse on digital technologies and sustainability in accounting.

ICDSA 2024

OPENING REMARKS

On behalf of the Department of Accounting, Faculty of Economics and Business, Universitas Muhammadiyah Yogyakarta (UMY), it is my great pleasure and privilege to welcome you to the International Conference on Digital Technologies and Sustainability Accounting. This conference stands as a testament to our commitment to fostering a collaborative and innovative environment where academicians, scholars, researchers, and professionals can converge to share their valuable insights and groundbreaking research. We are truly honored to host such a diverse and distinguished assembly of experts from around the world.

We are proud of the rigorous review process that our scientific committee has undertaken to ensure that only the highest quality papers recommended are for presented publication. and This dedication to excellence underscores the conference's role as a significant contributor to both national and international academic discourse.

I would like to extend my heartfelt gratitude to all those who have contributed to making this event possible: our distinguished speakers, dedicated committee members, and, most importantly, our participants. Your presence and active participation are what make this conference a success. Thank you for joining us, and I wish you all a productive and inspiring conference.

Chairperson of ICDSA 2024
