

## Preface

It is a great pleasure to welcome you all to the 12th International Conference on Humanity and Social Sciences (ICHSS 2026), hosted in the vibrant city of Sapporo, Japan from January 23-25, 2026. As we gather once again for this leading-edge event, we are excited to explore and discuss the latest advancements, innovations, and challenges at the Humanity and Social Sciences. We believe that our participants have gained knowledge and experience through this conference, and this knowledge and experience will have a positive impact on their work and learning in their respective fields.

We are delighted to present this compilation of research papers that showcase the latest findings and discoveries in the field of Humanity and Social Sciences. ICHSS serves as a high-level platform bringing together researchers, scientists, engineers, and industry professionals around the globe to exchange ideas, insights, and experiences about the advancement in sustainable development of industrialization.

The papers included in these proceedings represent high standards of academic excellence and originality. Each submission underwent a rigorous peer-review process, ensuring that only the exceptional and innovative research finds its place in this esteemed collection. The contributions featured in this volume span a wide spectrum of topics, including but not limited to Water Resources Management, Humanities, Anthropology, Social Media and Social Sciences, Public Health and Psychology.

Finally, we would also like to express our sincere gratitude to the organizing committee, session chairs, reviewers, and everyone involved in making this conference a resounding success. Your dedication and hard work have been instrumental in creating an inclusive and enriching environment for the exchange of ideas and the cultivation of new connections. We hope that you will find these conference proceedings insightful and inspiring. We extend our warmest thanks to all the authors for their valuable contributions.

ICHSS 2026 Conference Chair

Prof. Rong Zhang

Nishinippon Institute of Technology, Fukuoka, Japan
